MOTORCYCLE MUSEUM

2007 Cabernet Sauvignon

Region

Mudgee, NSW

Winery Address

Pipeclay Lane,
Mudgee NSW 2850

Variety

100% Cabernet Sauvignon

Vintage Conditions: 2007 was the end of the Mudgee drought spell, with vineyard yields being extremely low. All reds show big concentration of fruit because of lack of water.

Winemaking: This cabernet was harvested from our block G vineyard which is on deep clay soils at 520m above sea level. It was fermented in small open fermenters and gently hand plunged several times daily. Maturation was in French and American Hogsheads for 12 months.

Tasting Notes: A wine with distinctive and regional character showing cassis and savoury characters on the nose. The palate is finely structured with sweet fruit on the mid palate and fine grain tannins to finish.

Analysis:

- Alcohol 13.0%
- Residual Sugar 0.3 g/L
- Titratable acidity 5.8
